PLOT PLANS OR ENGINEERED PLANS

Two copies of plot or engineered plans are required and must be attached to this application in order for the Utility to evaluate the applicaton and estimate the cost of providing services. Plot plans may be pencil sketched but engineering plans when required must bear the stamp of a Nevada Licensed Engineer.

PLOT PLANS

- Plot plans shall be to scale and at a minimum include the following:
1. Premises size, shape, and if applicable lot and block designation.
 2. Streets, alleys, and right-of-ways adjoining premises.
 3. Proposed points of connection for services. Respective line sizes to include estimated depth.
 4. Approximate location and size of structure(s) to be served.
 5. Location of customer sewer clean-out(s) and water service valves.

ENGINEERED PLANS

Plans and specifications may be required for onsite and offsite building. When in the opinion of the Utility water and sewer services projected may significantly impact the operations of the Utility and/or the applicant's intended use of services would include equipment or operations which may be hazardous to the Utility's operation or its customers, specific plans may be requested.

The purpose of this application is to provide the Utility with information in order to determine the approximate costs and conditions regarding the requested service. This application and subsequent services is subject to all local ordinances (available at the Utility office or online at www.tonopahnevada.com/tonopah-public-utilities/, laws and regulations or local, state and federal agencies.

UTILITY TIMELINE TO RESPOND TO REQUEST

Within thirty (3) calendar days from receipt of an application for new, additional or change in service for up to four (4) ERU's or within sixty (60) calendar days from receipt for more than four (4) ERU's, the Utility shall provide the applicant with a report containing: estimated cost, a schedule of payment of costs and charges, a schedule for installation of services, and a listing of conditions and compliance requirements pursuant to Town of Tonopah - Tonopah Public Utilities Water, Sewer and Reclaimed Water Regulations § 6.9.1 and § 6.9.2.
